SCHEDULE NO. 1
Flat Rate Service

Availability

Within the limits of all Water Service Areas served by the Utility and at Utility's option and capability to maintain Department of Health standards of quantity and quality.

Applicable

Applicable to domestic residential customers served by the utility on a metered basis.

Conditions

The charge for this service is not subject to cancellation or reduction for seasonal or temporary periods, unless seasonal rates apply per this tariff. This charge will be the monthly minimum bill for this class of service.

Monthly Charge

Rate

Each Connection or customer

\$42.00

SCHEDULE NO. 3
READY TO SERVE (RTS) SERVICE

(N)

Availability

This schedule is available in all Water Service Areas served by the Utility and at Utility's option and capability to maintain Department of Health standards of quantity and quality.

Applicable

To any property owner who has completed and signed a Water Service Application, paid all applicable fees required for meter service connection, and had Water Service Application accepted in writing by the Utility; and for whom the Utility has installed the direct connection from the water system to the applicant's property line. Applicable to any customer, where meters have not yet been installed.

Conditions

The charge for this service is not subject to cancellation or reduction for seasonal or temporary periods, unless seasonal rates apply per this tariff. This charge will be the monthly minimum bill for this class of service. At the time water service begins, the customer shall be transferred to Schedule 2, Metered Service.

The Ready to Serve charge may be discontinued upon receiving written request from the customer or for non-payment of the Ready to Serve charge. Termination of the charge will allow the Utility to remove the service line and/or connection. This disconnection or removal will allow the Utility to make that available service capacity to supply other connections on the water system.

After a service line and/or connection has been removed for discontinued service, future service to the property will require a new application for service, payment of service connection charges and will be subject to the availability of service capacity at such time as the future application for service is made.

Monthly Charge

Rate

Each connection or customer.

\$42.00

SCHEDULE NO. 4
SERVICE CONNECTION CHARGE

(N)

Availability

This schedule is available in all Water Service Areas served by the Utility and at Utility's option and capability to maintain Department of Health standards of quantity and quality.

Applicable

Applies to all new applicants for properties not currently served and within the Commission Service Area (as defined in the tariff) for the Utility only when surplus system capacity is available and a direct connection can be made to an existing main that has adequate hydraulic capacity.

Conditions

1. A charge will be made the first time a customer's service pipe, 3/4-inch or smaller, is connected to the Utility's main. This charge does not include the cost of a meter, or its installation. A meter will be furnished, installed and maintained by the Utility without direct cost to the customer.
2. The Utility owns and maintains all materials involved in making a service connection.
3. The service connection charge must be paid before the water is turned on.
4. In addition, when it is necessary to cross an existing road (by boring or cutting) the cost of the crossing and road permit fees or other charges, will be in addition to the Service Connection Charge.
5. Meter will be placed in a suitable meter box located at the customer's property line, except when this is not practicable. The meter will be installed upon the customer's premises in some convenient location approved by the Utility where the meter will at all times be accessible for reading, inspection and testing. (See Rule 8 & 9)
6. Service Connections will be installed within 7 days from payment, unless prior arrangements in writing are agreed upon by both the customer and the Utility.

Connection Charge

Rate

Service Connection Charge (3/4-inch service plus tax gross-up of PP %)	\$700.00
Larger than 3/4"	Labor and Material
