**Re: Application for Temporary and Permanent Approval for Partial Transfer  
of a Portion of Certificate No. G-237 (Docket No. 170685)**

Dear Secretary King:

On behalf of Waste Management of Washington, Inc., holder of Certificate No. G-237, please accept this letter as documentation of the company's official support for the requested transfer.

As a result of the City of Renton changing its contract-provider from Waste Management to Rabanco, a small isolated pocket of regulated territory in Certificate No G-237 was stranded. Our company no longer has the ability to efficiently serve this "Ripley Lane" area, and that change of circumstance underpins our request to transfer the regulated area to Rabanco, the current contract provider. We appreciate Rabanco's willingness to coordinate on this request for a partial transfer, and are working cooperatively with that company to make sure the customers in Ripley Lane are efficiently served.

As an officer of the company, I have the authority to communicate this support on behalf of Waste Management of Washington, Inc. Thank you for your attention to this matter.

Very Truly Yours,
