

## Sunshine Disposal & Recycling

May 8, 2018

Mark L. Johnson, Executive Director and Secretary  
Washington Utilities and Transportation Commission  
PO Box 47250  
Olympia, WA 98504-4720

Dear Mr. Johnson:

Enclosed are proposed revisions to Tariff No. 3 of Torre Refuse & Recycling d/b/a Sunshine Disposal & Recycling (G-260) in Spokane County. The purpose of this filing is to update the residential recycle commodity charge.

If approved, these proposed changes will increase revenue approximately \$46,000 annually or about 0.9% on tariff revenue.

We request waiver of WAC 480-70-351 which requires a twelve month historical period to estimate the revenue for the next twelve months. Rates as proposed reflect a six month average. Due to international market forces, the value of co-mingled material at the local MRF has swung from a positive value to a substantially negative cost in recent months. We believe co-mingled material will remain at a negative value for the foreseeable future.

If I can be of any further assistance, please contact me at 509-924-5678 or 509-252-3500 (fax) or at [johnl@sunshinedisposal.com](mailto:johnl@sunshinedisposal.com).

Respectfully,

John Lloyd  
Chief Financial Officer
