Dear Mr. Johnson:

Attached for electronic filing with the Commission is the following tariff sheet proposed to be effective October 1, 2018:

**Sixth Revision Sheet 92      Canceling      Substitute Fifth Revision Sheet 92**

The purpose of this filing is to increase the amount of total electric “Low Income Rate Assistance Rate Adjustment” (LIRAP) funding by 7 percent in compliance with Commission Order No. 05, in Docket UE-150204. By way of background, Order No. 05 required Avista to file revisions to Schedule 92 to increase LIRAP funding by 7 percent for the program year beginning October 1, 2016 with annual funding increases through the program year beginning October 1, 2019, by August 15<sup>th</sup> of each year. Also included in this filing is a true-up of the estimated revenues collected for LIRAP to the actual collections for the prior October to September program year. The true-up amount is a surcharge balance of \$140,215.

The Company requests the Commission approve the proposed increase in rates and charges in Schedule 92 with an effective date of October 1, 2018. The estimated annual revenue change associated with this filing is an increase of approximately \$0.5 million, or an increase of 0.1% in overall billed rates. The proposed rate increase will have an average monthly bill impact of \$0.10 for residential electric customers using 938 kWh’s, or 0.1%. If approved, the average monthly bill would increase from \$87.33 to \$87.43.
