COMMISSION

RE: Tariff Submittal, Tariff Number 3, Waste Connections of Washington, Inc. G-253.

Dear Mr. Johnson:

Our company has been notified by the Department of Environmental Equality that their fee is increasing by \$.06 per ton, effective May 1, 2019. At this time, we are only requesting to increase the Item 230 pass-through rate from the current \$84.98 to \$84.04. We project this will increase revenue for drop box service by \$1,600 (0.04%) for a 12-month period. There are approximately 300 drop box customers affected by this change. The last general rate increase approved by the Commission was effective January 1, 2018.

Attached are revised tariff pages and supporting documentation containing the revised rates.

We respectfully ask that this filing be accepted under LSN, per WAC 480-70-276. If the LSN is accepted and these rates are approved by the Washington Utilities and Transportation Commission, the rates will become effective June 1, 2019. Pursuant to WAC 480-70-271(2)(a)(iii), affected customers will receive notification of the change on the first billing reflecting the revision to rates.

If you have any questions regarding this filing, please contact me at (360) 695-4923 or via email at heatherg@wcx.org.

Sincerely,

Heather Garland
Pricing Manager
