FOR VIOLATIONS OF LAWS AND RULES**

PENALTY ASSESSMENT: D-191006
PENALTY AMOUNT: \$1,000
Investigation # 8122

Andrew Pittman
1441 W. University Way
Ellensburg, WA 98926

Phone: (509) 361-9618

The Washington Utilities and Transportation Commission (Commission) believes that you have violated Revised Code of Washington (RCW) 19.122.030(2) by failing to request a dig ticket prior to excavating. RCW 19.122.070(1) states, in part, that violations of any provision of the chapter are subject to a civil penalty of not more than \$1,000 for an initial violation and not more than \$5,000 for each subsequent violation within a three-year period.

The Commission reviewed findings and recommendations made by the Washington State Dig Law Safety Committee (Safety Committee) and hereby notifies you that it is assessing a \$1,000 penalty against you on the following grounds:

On December 3, 2019, the Safety Committee heard the complaints for case 19-089 against Andrew Pittman regarding an alleged violation of the Washington state dig law, RCW 19.122, that occurred on or about October 7, 2019. The complainant in this case was City of Ellensburg (Ellensburg). The Safety Committee determined that Andrew Pittman committed the following violations:

- One violation of RCW 19.122 for failing to submit an underground utility locate request through a one-number call service prior to excavating on the above date.

The Safety Committee recommends that the Commission assess a \$1,000 penalty against Andrew Pittman with the following condition:

- \$1,000 penalty for one violation of RCW 19.122; and
- The opportunity to suspend the entire \$1,000 penalty amount if Andrew Pittman completes National Utility Contractor Association (NUCA) Dig Safe Training within 6 months of the date of this Notice, and Andrew Pittman incurs no additional dig law violations within 12 months of the date of this Notice.

Commission regulatory staff (Staff) reviewed the Safety Committee's determination and agrees with its conclusions. The investigation found that Andrew Pittman violated RCW 19.122.030(2) on one occasion. Staff based this decision on the following information provided by the Safety Committee:

First Violation

On October 7, 2019, Ellensburg became aware that Andrew Pittman was excavating at 900 W. University Way, Ellensburg, Washington. An Ellensburg employee performed a dig ticket search and determined that no utility locate request had been made. After unsuccessfully trying to contact Andrew Pittman, Ellensburg filed a complaint with the Safety Committee. Photographs submitted to the Safety Committee support the allegations, and Staff's subsequent investigation concluded that Andrew Pittman did not submit a request to locate underground utilities prior to excavating.

Staff recommends the Commission accept the Safety Committee's recommendation with minor revisions, and assess a \$1,000 penalty against Andrew Pittman for one violation of RCW 19.122 for failing to provide the required notice to a one-number locator service not less than two business days before excavating, as follows:

- \$1,000 penalty for the violation of RCW 19.122.030(2) that occurred on or about October 7, 2019.

After considering all of the circumstances, Staff concurs with the Safety Committee's recommendation that the Commission offer to suspend the entire total penalty amount for a period of one year subject to the following conditions: (1) Andrew Pittman attends Dig Safe training provided through the National Utility Contractors Association (NUCA) within 12 months of the date of this Notice; and (2) Andrew Pittman incurs no further violations of RCW 19.122 within 12 months from the date of this Notice.

The Commission agrees with Staff's recommendation and assesses a penalty of \$1,000 with an offer to suspend the entire penalty amount subject to the conditions listed above. The Commission will waive the suspended penalty amount of \$1,000 if Andrew Pittman complies with both conditions. If Andrew Pittman fails to comply with either of these conditions, the \$1,000 suspended penalty amount will become immediately due and payable, in addition to any new penalties that the Commission may assess for additional violations.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe that the violation did not occur, you may deny committing the violation and contest the penalty through evidence presented at a hearing or in writing. Alternatively, if there is a reason for any or all of the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing.

Any request to contest the violations or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violations or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this notice to do one of the following:

- Pay the \$1,000 amount due;
- Notify the Commission that you accept the offer to suspend, and ultimately waive, the entire \$1,000 penalty amount subject to the following conditions:
 - Andrew Pittman attends Dig Safe training provided through NUCA within twelve (12) months of this Notice; and
 - **Submits documentation of that attendance to the Commission within five (5) days of attending the training; and**
 - Andrew Pittman incurs no additional violations of RCW 19.122 within twelve (12) months of the date of this Notice; or
- Request a hearing to contest the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and send it to the Washington Utilities and Transportation Commission, Post Office Box 47250, Olympia, Washington 98504-7250, **within FIFTEEN (15) days** after you receive this notice.

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Lacey, Washington, and effective January 22, 2020.
