<b>Special Pickup Rate: \$</b>	<b>5.56</b>	<b>\$ 6.06</b>	<b>\$ 6.81</b>	<b>\$ 8.36</b>	<b>\$ 10.04</b>	<b>\$ 11.45</b>	<b>\$ 13.00</b>	<b>\$ 14.55</b>

A common circumstance exists regarding multifamily recycling services where more cardboard than can reasonably be housed in recycling totes is produced for collection. The most efficient method of collection for both the company and the customer is to leave the cardboard loose, but in close proximity to the toter. This allows the customer to fully utilize their recycling toter(s), without the receptacle being overcrowded by the bulky cardboard recycling. This also allows the company to easily collect the cardboard recycling, rather than struggling to extract it from being wedged into the toter. Due to space and equipment restrictions, it was determined that introducing a larger receptacle specifically for multifamily cardboard recycling customers is not plausible. The easiest and most efficient way to resolve with this scenario is to allow loose cardboard to be left around the toter for collection, and to devise a rate that can be charged to accommodate the additional steps taken by the company to collect this cardboard. This rate was determined using the commercial recycling rates that are used by the company, shown below:

### **CARDBOARD COLLECTION MONTHLY RATES**

<b>DUMPSTER SIZE</b>	<b>TWICE/WK</b>	<b>ONCE/WK</b>	<b>TWICE/MO</b>	<b>ONCE/MO</b>	<b>On-Call</b>
1 YARD	\$79.00	\$44.00	\$35.00	\$30.00	30
1.5 YARD	\$85.00	\$55.00	\$45.00	\$35.00	35
2 YARD	\$99.00	\$60.00	\$50.00	\$40.00	40
3 YARD	\$129.00	\$80.00	\$70.00	\$60.00	60
4 YARD	\$199.00	\$120.00	\$105.00	\$100.00	80

Using the once per week rates, as this is the frequency of service for multifamily recycling customers, the following rate was devised

1 yd of cardboard, serviced once/wk:	\$	44.00
Conversion to per pickup rate:		<u>4.33</u>
Applicable multifamily cardboard rate:	\$	10.16
