

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

**NOTICE OF PENALTIES INCURRED AND DUE
FOR VIOLATIONS OF LAWS AND RULES**

PENALTY ASSESSMENT: TV-200730

PENALTY AMOUNT: \$1,300

Keystone Hauling Services, LLC,
d/b/a College Hunks Hauling Junk and Moving
7125 E Broadway Ave Ste 100
Spokane Valley, WA 99212

The Washington Utilities and Transportation Commission (Commission) believes Keystone Hauling Services, LLC, d/b/a College Hunks Hauling Junk and Moving, (Keystone Hauling or Company) violated Washington Administrative Code (WAC) 480-15-570, Driver Safety Requirements, which adopts Title 49 Code of Federal Regulations (49 CFR) Part 391 – Qualification of Drivers.

Revised Code of Washington (RCW) 81.04.405 allows penalties of \$100 for each violation. In the case of an ongoing violation, every day's continuance is considered a separate and distinct violation.

On August 6, 2020, Commission Motor Carrier Investigator Sandra Yeomans completed a routine safety investigation of Keystone Hauling and documented the following violations:

- **Thirteen violations of 49 CFR § 391.45(a) – Using a driver not medically examined and certified.** Keystone Hauling allowed driver Devin Brooks to operate a commercial motor vehicle without a valid medical certificate on 13 occasions between May 23 and June 26, 2020.

The Commission considered the following factors in determining the appropriate penalties for these violations:

1. **How serious or harmful the violations are to the public.** The violations noted are serious and potentially harmful to the public. Household goods moving companies that use drivers that are not medically examined and certified put their customers' belongings and the traveling public at risk. These violations present safety concerns.
2. **Whether the violations were intentional.** Considerations include:
 - Whether the Company ignored Commission staff's (Staff) previous technical assistance; and
 - Whether there is clear evidence through documentation or other means that shows the Company knew of and failed to correct the violation.

On August 7, 2019, Price Paramore, managing member of Keystone Hauling, attended household goods training provided by Staff and acknowledged receiving training pertaining to motor carrier safety regulations.

On October 24, 2019, the Commission received the Company's application for household goods moving authority. In the application, Price Paramore acknowledged the Company's responsibility to understand and comply with applicable motor carrier safety regulations.

The Company knew or should have known about these requirements.

3. **Whether the Company self-reported the violations.** Keystone Hauling did not self-report these violations.
4. **Whether the Company was cooperative and responsive.** The Company was cooperative and responsive throughout the safety investigation.
5. **Whether the Company promptly corrected the violations and remedied the impacts.** The Company has not provided Staff with evidence that it has corrected the violations.
6. **The number of violations.** Staff identified 12 violation types with a total of 52 individual occurrences.
7. **The number of customers affected.** The Company employs eight drivers, operates two commercial motor vehicles, and reported 1,200 miles traveled in 2019. These safety violations present a public safety risk.
8. **The likelihood of recurrence.** Staff provided technical assistance with specific remedies to help the Company assess how well its safety management controls support safe operations and how to begin improving its safety performance. Keystone Hauling was cooperative and responsive throughout the safety investigation. In light of these factors, Staff believes the likelihood of recurrence is low.
9. **The Company's past performance regarding compliance, violations, and penalties.** This is the Company's first routine safety investigation. Keystone Hauling has no history of violations or penalties.
10. **The Company's existing compliance program.** Price Paramore is responsible for the Company's safety compliance program.
11. **The size of the Company.** Keystone Hauling currently operates two commercial motor vehicles and employs eight drivers. The Company reported \$5,000 in gross revenue for 2019.

The Commission's Enforcement Policy provides that some Commission requirements are so fundamental to safe operations that the Commission will issue mandatory penalties for each

occurrence of a first-time violation.¹ The Commission generally will assess penalties per type of violation, rather than per occurrence, for first-time violations of those critical regulations that do not meet the requirements for mandatory penalties. The Commission will assess penalties for any equipment violation meeting the Federal Motor Carrier Safety Administration's "out-of-service" criteria and also for repeat violations of critical regulations, including each occurrence of a repeat violation.

The Commission has considered these factors and determined that it should penalize Keystone Hauling \$1,300, calculated as follows:

- Thirteen violations of 49 CFR § 391.45(a) – Using a driver not medically examined and certified. The Commission assesses a penalty of \$100 for each occurrence of this violation, for a total of \$1,300.

This information, if proven at a hearing and not rebutted or explained, is sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe any or all of the violations did not occur, you may deny committing the violation(s) and contest the penalty through evidence presented at a hearing or in writing. Alternatively, if there is a reason for any or all of the violations that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation(s) or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation(s) or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this notice to do one of the following:

- Pay the amount due.
- Contest the occurrence of the violation(s).
- Admit the violations but request mitigation of the penalty amount.

Please indicate your selection on the enclosed form and submit it electronically through the Commission's web portal **within FIFTEEN (15) days** after you receive this notice. If you are unable to use the web portal, you may submit it via email to records@utc.wa.gov. If you are unable to submit the form electronically, you may send a paper copy to the Washington Utilities and Transportation Commission, PO Box 47250, Olympia, Washington 98504-7250.

¹ Docket A-120061 – Enforcement Policy of the Washington Utilities & Transportation Commission – Section V.

If you do not act within 15 days, the Commission may take additional enforcement action, including but not necessarily limited to suspending or revoking your certificate to provide regulated service, assessing additional penalties, or referring this matter to the Office of the Attorney General for collection.

DATED at Lacey, Washington, and effective August 18, 2020.
