Additionally, our Company was notified by the City of Spokane that the tipping fee at the Waste to Energy Plant will increase from \$110.65 to \$113.86 per ton, a 2.9% increase, and the tip fee at Spokane County Transfer Stations will increase from \$108.00 to \$110.00 per ton, a 1.85% increase, effective January 1, 2020. We project this will increase revenue for the residential service by \$14,600 (.88%); for commercial service by \$13,500 (1.09%); and drop box service by \$3,800 (2.32%) for a 12-month period. There are approximately 4,800 residential, 900 commercial, and 16 drop box customers affected by these changes.

The last general rate increase for Empire Disposal was approved by the Commission, April 1, 2018.

Attached are revised tariff pages and supporting documentation containing the revised rates. If these rates are approved by the Washington Utilities and Transportation Commission they will become effective January 1, 2021. Pursuant to WAC 480-70-271(2)(a)(iii), affected customers will receive notification of the change on the first billing reflecting the revision to rates.
