Re: Pacific Northwest Transportation Services, Inc. (C-862) Permanent Auto Transportation
Extension of Authority Application

Mr. Johnson:

Pacific Northwest Transportation Services, Inc. (C-862) d/b/a Capital Aeroporter is hereby
applying for the following Temporary Auto Transportation Authority:

- Door-to-Door Passenger Service between the SeaTac Airport and points within King
County (Excluding Vashon and Maury Island), Pierce, Snohomish, and Kitsap Counties,
and Joint Base Lewis McChord (JBLM).
- Door-to-Door Passenger Service between the Seattle Waterfront Piers and points within
King County (Excluding Vashon and Maury Island), Pierce, Snohomish, and Kitsap
Counties, and Joint Base Lewis McChord (JBLM).
- Scheduled Passenger Service between the Seattle-Tacoma International Airport,
Downtown Seattle Hotels and the Seattle Waterfront Piers.

The traveling public in King, Snohomish, Pierce and Kitsap Counties and JBLM are in immediate
need of Door-to-Door Passenger Service which is currently unavailable. Seattle Cruise Ship
Customers are in need (Spring 2021) and Downtown Seattle Hotel guests are in immediate need
of Scheduled Passenger Services which are also currently unavailable between those areas and
the Seattle-Tacoma International Airport. Our Company receives phone calls and requests on a
daily basis for these services.

An immediate public need and necessity is currently not satisfied in all areas listed within our
application where we do not currently hold Auto Transportation Authority. **Per WAC 480-30-156**
There is no other existing certificate holder that is providing any of these services to the
satisfaction of the Commission. Our temporary certificate meets all the requirements of **WAC**
480-30-096. It is in the public interest that this temporary authority is granted as soon as
possible, due to the lack of available auto transportation options and unmet public need.

With our many years of experience and immediately available resources, we will work diligently
with WUTC Staff and Commissioners to quickly fill the void that has been left by previous
operators and certificate holders.

Sincerely,

John Fricke
