- Eleventh Revision Sheet No. 300

- Seventh Revision Sheet No. 302-A

The purpose of this filing is to update program offerings commensurate with the findings of the 2020 Cascade Natural Gas Conservation Potential Assessment, to align with updated appliance standards and energy codes, and to increase incentives for program measures offered in accordance with Schedule 300, Residential Conservation Incentive Program and Schedule 302, Commercial/Industrial Conservation Program.

The changes proposed herein will not impact the Company’s 2021 budget as presented in the Company’s 2020 Conservation Plan, which is filed in Docket UG-200961. The Company considered increases to incentives when it established its annual budget. The Company believes these changes are crucial in order to achieve the annual per therm savings targets established in the Company’s Conservation Plan.
