Re: Notification of Skagit County Solid Waste Rate Increase

Dear Mr. Den Hartog,

Skagit County Solid Waste will implement a rate increase at all of our transfer sites on June 1, 2021. The tonnage rate for general solid waste will increase to \$101/ton for general solid waste and \$100/ton for municipalities. Per the terms of our Interlocal (#C20130187), there will continue to be a \$7/ton surcharge on waste generated in San Juan County. Please see the attached resolution and approved rate schedule by the Skagit County Commissioners for further details on municipal solid waste and other materials. This is the second of a series of scheduled rate increases and we have the next one planned for June 2022.

This letter stands as the notification per RCW 70.95.212. In keeping with the 75 day notification time, your rates will increase on July 1, 2021.

Please contact me if you have any questions or concerns.

Sincerely,

Margo Gillaspy, LHg  
Solid Waste Division Manager
