RE: WAC 480-90-275, Actual Results for Washington Operations Report – 2Q 2021

Dear Mr. Johnson,

In accordance with WAC 480-90-275, enclosed is Cascade Natural Gas Corporation's Actual Results for Washington Operations Report for the quarter ending July 31, 2021.

The Company also corrects the commercial and industrial firm customer counts from the 4Q-2020 and Q1-2021 reports. Three commercial customers should have been excluded from the 4Q-2020 and Q1-2021 totals and included in the industrial firm category. Additionally, 76 omitted industrial firm customers should have been included in the 4Q-2020 total and 75 omitted customers should have been included in the Q1-2021 total. These categorization differences have been reconciled on the summary page of this report and will be included in all future reports.
