RE: Tariff Submittal, Tariff Number 2, American Disposal Co., Inc., d/b/a Vashon Disposal G-87.

Dear Ms. Maxwell:

Attached please find revised pages for Tariff Number 2, for American Disposal Co, Inc. d/b/a Vashon Disposal G-87.

With this filing, we respectfully request the Commission approve a general rate increase to recover new capital, and higher costs of employee wages, benefits, fuel, and general operating costs.

The increase is proposed as follows: Residential service \$76,900, 12.47%; commercial service \$47,800, 12.61%; and roll-off service \$2,000, 11.77%. There are approximately 2,500 residential; 240 commercial; and 5 roll-off customers affected by this change. Residential recycling services will decrease by approximately (\$8,400), (3.26%). There are approximately 1,500 residential recycling customers.

In order to simplify the filing process we used the final agreed upon workbook from the Murrey's Disposal Company, Inc. general rate filing. This was approved under TG-220857, effective March 1, 2023. The only tabs that have been added or modified since TG-220857 are highlighted "blue."

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on May 1, 2023. The last general rate increase approved by the Commission became effective January 1, 2019.

Included in this filing is our non-regulated operation, as our regulated and non-regulated operations share one facility. To protect certain non-regulated proprietary information we are filing a portion of this filing as confidential, and are filing in accordance with WAC 480-07-160.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than March 31, 2023. A notice letter will also be delivered on or before March 31, 2023 to the office of the Pierce County Council Chair.
