RE: PNW Moving & Delivery LLC

Insurance Placement with Prime Insurance Company

Requesting exemption WAC 480-15-530(1)(a) (which says the policy must be written by an insurance company authorized to write insurance in Washington State).

PNW Moving & Delivery does not have access to a standard market auto liability insurance carrier that my agency represents. The household goods moving and storage industry has few carriers that are willing to provide auto liability coverage to the niche. A marketing list and due diligence letter is attached.

Progressive Insurance Company – Non-renewed coverage due to multiple coverage lapse.

Transguard Insurance Company – Declined to provide coverage due to coverage lapse, CAB scores and underwriting appetite.

Movers Choice Insurance Program – Declined to provide coverage due to coverage lapse and underwriting appetite.

Berkshire Hathaway Homestate Company – Declined to provide coverage due to federal filing requirements.

Name and contact of the Surplus Lines Broker: Evolution Insurance Brokers LC – 801-304-5500 – Michael Fennell & Ricky Lindsay

See attached due diligence effort letter. After 1 year of coverage with Prime Insurance Company, without lapse, the above carriers may reconsider. Other underwriting factors can impact product access including claims, payment history, CAB reports, operational changes, underwriting appetite.

Sincerely,

Andrew Choruby
