RE: Roche Harbor Water System- New Original Sheet No. 12.1 and First Revisions to Sheet No. 18 Canceling Original Sheet No. 18.

Dear Ms. Hunter,

Please find enclosed our new Original Sheet No. 12.1 Tariff page to clarify with the reconnection rules for an excessive heat warning, a heat advisory, an excessive heat watch, or similar alert made by the National Weather Services under Engrossed Substitute House Bill 1329 as required by the Commission. The new tariff sheet updates the disconnection of service provisions to reflect the current Commission rule.

Please also find enclosed First revisions to Sheet No.18, Canceling Original Sheet No. 18. No notice has been sent to customers as this is a potential reduction in the existing cost to the customer.

Sincerely,

Brent Snow- General Manager  
Roche Harbor Water System, Inc
