Dear Mr. Ogdon,

Based on the Seattle-Tacoma-Bellevue, WA, urban wage earners and clerical workers, not seasonally adjusted the CPI change is 5.516%. The current WUTC rate is \$76.62 and with the increase of 5.516% the new rate will be \$80.85 effective April 1, 2024. The fuel surcharge of 5.44% will remain the same. Please let me know if you have any questions.

We appreciate our work together and will continue to support Rubatino in its sustainability efforts.

Thank you,

Steve King
