Basic Description:

On 3/11/24 NWN personnel discovered Columbia Excavating LLC excavating over 80 lots without locates. They don't have a Washington CCB License. Operators were using backhoes and hand tools to excavate directly over 2 inch poly gas main and 1/2 inch poly services with no visible locates in the area. NWN personnel advised the operators of dig law requirements and the need to request locates but they refused to stop work. They subsequently requested locates for some of the lots in the subdivision but not all of the lots they're working on.
