Tariff No. 20

Original Page No. 7

Company Name/Permit Number: Waste Management of Washington, Inc./G-237

Registered Trade Name: Waste Management – North Sound and Waste Management - Marysville

Item 10 – Application of Rates – General

Rates named in this tariff cover the collection, transportation, and disposal of solid waste. When specifically referred to, rates also cover the collection and transportation of recyclable materials and/or yard waste.

Title 81.77 of the Revised Code of Washington (RCW) and Chapter 480-70 of the Washington Administrative Code (WAC) govern operations of solid waste collection companies and the tariffs companies must file with the Washington Utilities and Transportation Commission (WUTC).

Unless exceptions are shown, all materials must be placed on the same level as the streets or alleys.

The company may charge additional amounts for disposal fees only when specifically stated in the tariff and separately shown on customer bills.

Item 15 – Holiday Pickup – Regularly Scheduled Service

When a pickup is missed due to the company's observance of a holiday, the company will provide service, at no additional cost to the customer, on an alternate day.

A list of the holidays the company observes is shown in Item 60.

For application of rates in this tariff, the company defines alternate day to mean the following:

Pick-up days are Monday through Friday including all holidays except 4th of July, Thanksgiving Day, Christmas day, and New Year’s Day. If the pick-up day falls on or after any of those three holidays, the alternate day will be one day late that week, for the balance of the week through Saturday.

Item 16 – Change in Pickup Schedule

When a company changes the pick-up date for its certificate area, or a portion of its certificate area, the company must notify all customers in the affected area of that change.

Notice must be made at least seven days before implementation of the new pickup schedule and may be made via mail, personal contact, or by a notice being affixed to the customer's solid waste receptacle.

Item 17 – Refunds

Credit due the customer. When there has been a transaction that results in a credit due the customer, the following apply:

- (a) If the amount due is five dollars or less, an adjustment will be made to the customer's account. The adjustment must be shown on the next regular bill.
- (b) If the amount due is more than five dollars, the customer may accept an account adjustment or may request a refund.
 - (a) If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.
 - (b) If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Overcharges. Once a company becomes aware that it has overcharged a customer, it must provide a refund or an account adjustment credit to the customer. The customer must be given a choice as to which option is preferred. The refund or credit must be the amount overcharged in the three years before the date of discovery. If the customer elects to have an account adjustment made, the adjustment must show on the next regular billing.

- (d) If the customer elects to receive a refund, the company must issue a check within thirty days of the request.

Prepayments. If a customer has paid service fees in advance, service is discontinued during the pre-billed period, and the customer is due a refund, the following apply:

- (a) A company must honor all requests for refunds of the unused portion of prepayments.
- (b) If the customer provides a forwarding address to the company or one can be obtained from the Post Office, the company must issue a refund check no more than thirty days following the customer's request.
- (c) If the customer cannot be located or did not provide a forwarding address and the U.S. Post Office cannot furnish a forwarding address, the amount may be presumed to be abandoned and is subject to the Uniform Unclaimed Property Act after one year.

Item 18 – Billing, Advance Billing, and Payment Delinquency Dates

Billing period. A company may bill its customers for one, two, or three months of service.

Advance billing and payment delinquency dates. The following chart defines the maximum period allowed for advance billing and the date when a bill may be considered delinquent:

Billing period	Maximum advance billing period allowed	Delinquency date
One month's service (monthly)	No advance billing allowed	May not be less than twenty-one days after the date the bill is mailed
Two months' service	One months' advanced billing allowed	May not be until the last day of the second month
Three months' service	Two months' advance billing allowed	May not be until the last day of the third month

The billing period chosen by the company operating under this tariff for residential solid waste accounts is: **Three months' service.**

Late charges. Customers with past due accounts after the delinquency dates specified in the chart above will be charged a late fee of 1% per month on outstanding balances. The minimum charge per month is \$1.00.

Item 20 – Definitions

NOTE: The definitions shown on the first three pages of this item are standard, in most cases prescribed by rule. Companies may not amend these definitions. Companies wishing to add definitions specific to their company's operations must include those definitions on a separate page, entitled, "Company-specific definitions." A blank sheet is provided for that purpose.

- Bale:** Material compressed by machine and securely tarped or banded.
- Bulky Materials:** Empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.
- Charge:** A set flat fee for performing a service. Or, the result of multiplying a rate for a unit times the number of units transported.
- Commercial Billing:** Service billed to a commercial customer or billed to, and paid for, by a property manager or owner rather than a residential tenant.
- Compacted Material:** Material that has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the company.
- Compactor Disconnect/Reconnect Charge:** A flat fee established by the solid waste collection company for the service of disconnecting a compactor from a drop box or container before taking it to be dumped, and then reconnecting the compactor when the drop box or container is returned to the customer's site.
- Gate charge:** A flat fee charged for opening, unlocking, or closing gates in order to pick up solid waste.
- Loose material:** Material not set out in bags or containers, including materials that must be shoveled.
- Multi-family residence:** Any structure housing two or more dwelling units.
- Packer:** A device or vehicle specially designed to pack loose materials.
- Pass through fee:** A fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

Item 20 – Definitions, continued

Permanent service: Container and drop-box service provided at the customer's request for more than ninety days.

Rate: A price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.

Solid waste receptacle: includes the following items, with the following meanings:

Automated cart means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

Can means a receptacle made of durable, corrosion-resistant, nonabsorbent material that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons. A can may not weigh more than **65** pounds when filled.

Cart means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the company's equipment. The size and type of cart that is compatible will be established in each company's tariff.

Container means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

Drop box means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the company's vehicle by mechanical means and transported to a disposal site.

Drum means a metal or plastic container of approximately fifty-gallon capacity, generally used for oils or solvents. A drum may not weigh more than **50** when filled.

Litter receptacle means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. A litter receptacle may not weigh more than **65** pounds when filled.

Item 20 – Definitions, continued

Micro-mini can means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. A micro-mini can may not weigh more than **20** pounds when filled.

Mini-can means a can made of durable, corrosion resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini-can may not hold more than twenty gallons. A mini-can may not weight more than **35** pounds when filled.

Recycling bin or container means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

Toter means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the company's equipment. The size and type of toter that is compatible will be established in each company's tariff.

Unit means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. A unit may not weigh more than **65** pounds when filled. Where agreed on between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the company's tariff.

Yard waste bin or container means a bin or container specifically designed or designated for the collection of yard waste. Each company's tariff will refer to a specific type of yard waste bin or container to be used by customers in a service area. The type, size, weight, etc., of this type of bin or container will often be set by local government plans or ordinances.

Special pick-up: A pick-up requested by the customer at a time other than the regularly scheduled pick-up time, which requires the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.

Item 30 – Limitations of Service

1. **Schedules.** A company's schedule will meet reasonable requirements and will comply with local service level ordinances.
2. **Due care.** Other than to offer reasonable care, the company assumes no responsibility for articles left on or near solid waste receptacles.
3. **Liability for damage.** When a customer requests that a company provide service and damage occurs to the customer's driveway due to reasons not in the control of the company, the company will assume no responsibility for the damage.
4. **Refusal of service.** (Except as set forth in Section 5, Missed service due to unsafe weather conditions road conditions, natural disaster or when government authority restricts access to local roads.)

A solid waste collection company may refuse to:

- Collect solid waste from points where it is hazardous, unsafe, or dangerous to persons, property, or equipment to operate vehicles due to the conditions of streets, alleys, or roads.
 - Drive into private property when, in the company's judgment, driveways or roads are improperly constructed or maintained, do not have adequate turnarounds, or have other unsafe conditions; or
 - Enter private property to pick up solid waste while an animal considered or feared to be dangerous is not confined. The customer will be required to confine the animal on service days.
5. **Missed service due to unsafe weather conditions, road conditions, natural disaster or when government authority restricts access to local roads.** A company is not required to collect solid waste when the company determines that it is unsafe to operate due to weather conditions, road conditions, natural disaster, or when government authority restricts access to local roads. The company will collect on the next scheduled service date on which the company deems it is safe to operate and will take other reasonable actions to resume or provide alternative service as soon as reasonably practicable.
 - a. The company is not obligated to extend credit to customers for missed service if the company collects the customers' accumulated solid waste on the next scheduled service date on which the company deems it to be safe to operate. The company will not charge for extra waste set out (except provided in Item 207, if applicable) in addition to customers' normal receptacle(s), if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.
 - b. If the company does not collect a customer's accumulated solid waste on the next scheduled service date on which the company determines it is safe to operate, the company is required to give a credit, proportionate to the customer's monthly service charge, for all missed service(s).

Item 30 – Limitations of Service

6. Missed service due to a labor disruption, which causes work stoppages that prevent or limit a company from collecting solid waste. A company must:

- a. Immediately inform the commission’s regulatory services and consumer protection staff when a labor disruption is imminent by email at: servicedisruption@utc.wa.gov. This email must be used for all communications regarding the labor disruption.
- b. Provide daily email reports to the commission regarding the company’s progress toward meeting full-service requirements.
- c. Develop and implement a customer outreach plan regarding the labor disruption, what to expect, and how to contact the commission.
- d. Provide the commission’s regulatory services and consumer protection staff with a copy of the customer outreach plan by email.
- e. Provide an email that includes a schedule and plan for communicating with local governments and the media.
- f. Use all reasonable, practicable means to resume regularly scheduled service to all customers within five business days, not including the first day of the labor disruption. Resuming services within five business days is presumptively reasonable and practicable; provided, however, that under specific circumstances arising at the time of a labor disruption, the presumption may be rebutted by evidence that the company acted contrary to the public interest and unreasonably delayed resumption of collection services. Relevant factors may include the company’s resources; the circumstances of the labor disruption; the amount of time, if any, that the company had to prepare for the labor disruption; the company’s execution of any contingency plan, if any; organization and training of any replacement workers; ambulatory picketing that might delay restoration of service; and workplace safety issues and coordination with local government agencies that may affect overall public safety.
- g. Collect all accumulated solid waste at the customer’s next regularly scheduled service date after service resumes as set forth in subsection (f) above. The company will not charge for extra waste set out in addition to customers’ normal receptacle(s) if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to missed service.

- h. The company is not obligated to extend credit to missed customers who do not receive service if the company collects the customers’ accumulated solid waste as required in subsection (g) above or if the company did not unreasonably delay the restoration of service during the five-business day grace period. If the company does not collect all of a customer’s accumulated solid waste as required in subsection (g) above, or if the company unreasonably delayed the restoration of service during the five business day grace period, the company is required to give a credit to the customer, proportionate to the customer’s monthly service charge, for all missed services and for each subsequent missed service until normal service is restored.
- i. When the labor disruption has been settled, notify the commission’s regulatory services and consumer protection staff by email, and indicate when normal service is anticipated to resume.

7. Missed service due to a declared public health emergency

- a. Upon declaration of a public health emergency, or upon direction by a federal, state, or local authority, solid waste collection companies may alter services for the health and safety of the general public, its customers and its employees. This may include but is not limited to the altering of normal collection and administrative services.
- b. The company shall provide notice to the Commission when services have been altered. The company shall take reasonable actions to notify impacted customers of the situation. The company will maintain continuity of service throughout a public health emergency to the greatest extent practicable while conforming to the emergency declaration. The company will return to normal operations as soon as is reasonable given the circumstances of the emergency.
- c. All accumulated solid waste will be collected by the company on the customer’s next regularly scheduled service date following the resumption of normal operations. The company will not charge for extra waste set out in addition to customer’s normal receptacle(s) if the amount of extra waste does not exceed the amount that reasonably would be expected to accumulate due to the missed service.

Item 30 – Limitations of Service

8. Definitions:

- a. “Reasonably would be expected to accumulate due to missed service” means, at a minimum, the amount of solid waste represented by the number of missed service(s) multiplied by the customer’s subscribed service level. For example, if the company misses two services for a customer who subscribes to one 96gallon toter, the amount would be the equivalent of 192 gallons (2 services x 96 gallons subscription per service).
- b. “Next scheduled service date” – this date is defined by each customer’s subscription service.
 - i. Example 1: A residential customer subscribes to weekly service that the company schedules for every Wednesday. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Wednesday, November 21.
 - ii. Example 2: A commercial customer subscribes to daily service. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Thursday, November 15.
 - iii. Example 3: A residential customer subscribes to every-other-week recycling service scheduled for Wednesday, November 14. If the company does not provide service on Wednesday, November 14, the next scheduled service date would be Wednesday, November 28.
- c. Example of how to calculate a credit: Monthly residential service rates are set based on 4.33 services per month. If the company misses one service, the credit is calculated as: .231 (1 missed service divided by 4.33 services per month) multiplied by the service-related component of the monthly rate (excluding disposal and processing costs); provided that the credit for any specific month does not exceed the full rate per month. Any customer credits for missed recycling services will include the recycling commodity credit.

Item 40 – Material Requiring Special Equipment, Precautions, or Disposal

Transportation of solid waste requiring special equipment or precautions in handling or disposal will be subject to time rates named in Item 160, or to other specific rates contained in this tariff.

Companies must make every effort to be aware of the commodities that require special handling at the disposal sites named in the company's tariffs. The company shall maintain a list of those commodities and make it available for public inspection at the company's office.

Item 45 – Material Requiring Special Testing and/or Analysis

When a solid waste collection company or disposal facility determines that testing and/or analysis of solid waste is required to determine whether dangerous or prohibited substances are present, the actual cost for such testing and/or analysis will be paid by the customer. The company must provide the customer with a copy of any bill or invoice for costs incurred for testing and/or analysis and also must retain a copy in the company's file for at least three years. Those costs shall be passed through to the customer without markup. The company must maintain records of time spent to accomplish the special testing and/or analysis and may bill the customer for that time under the provisions of Item 160 (Time Rates).

Item 50 – Returned Check Charges

Returned check charge. If a customer pays with a check, and the customer's bank refuses to honor that check, the customer will be assessed a returned check charge in the amount of **\$ 25.00.**

Item 75 – Flat Monthly Charges

This rule applies in connection with Items 80, 90, 120, 130, 240, 245, 250, 255, 260, 265, 270, and 275.

A flat monthly charge may be assessed if computed as follows:

- (a) If weekly service is provided: Multiply the rate times 4.333 and then multiply that figure times the number of units picked up.
- (b) If every other week service is provided: Multiply the rate times 2.167 and then multiply that figure times the number of units picked up.
- (c) For Items 240, 250, 260, and 270: For permanent, regularly scheduled pickups, a flat monthly charge may be assessed if computed as follows:
 - a. For **weekly service**, each container provided:
 - i. If monthly rent is shown: monthly rent plus (4.333 times pickup rate times number of pickups per week)
 - ii. If monthly rent is not shown: 1st pick up rate plus (3.333 times additional pickup rate) plus (4.333 times additional pickup rate times additional weekly pickups).
 - b. For **every-other week service**, each container provided:
 - i. If monthly rent is shown: monthly rent plus (2.167 times pickup rate times number of pickups per week)
 - ii. If monthly rent is not shown: 1st pick up rate plus (1.167 times additional pickup rate) plus (2.167 times additional pickup rate times additional weekly pickups).

Item 80 – Carry-out Service, Drive-Ins

Companies will assess the following additional charges when customers request that company personnel provide carry-out service of cans/units not placed at the curb, the alley, or other point where the company's vehicle can be driven to within five feet of the cans/units using improved access roads commonly available for public use. Driveways are not considered improved access roads commonly available for public use.

Charge for Carry-outs	Rate	
	Residential Per Unit, Per Pickup	Commercial Per Unit, Per Pickup
Cans, units, mini-cans, or micro-mini cans that must be carried out over 5 feet, but not over 25 feet	\$ 0.23 (A)	\$ 0.23 (A)
For each additional 25 feet, or fraction of 25 feet, add	\$ 0.18 (A)	\$ 0.18 (A)

NOTE: The company may elect to drive in at the rates shown above, except the charge will be limited to one can, unit, mini-cans or micro-mini can. If cans, units, mini-cans, or micromini cans are carried over 125 feet, but are safely accessible to the company's vehicle, the drive-in charges shown below must be assessed instead.

Charge for Drive-ins (per pickup)	Rate	
	Residential Per Pickup	Commercial Per Pickup
Drive-ins on driveways of over 125 feet, but less than 250 feet	\$ 0.91 (A)	\$ 0.91 (A)
Drive-ins on driveways of over 250 feet, but less than 1/10 mile.	\$ 2.16 (A)	\$ 2.16 (A)
For each 1/10 mile over 1/10 mile.	\$ 3.98 (A)	\$ 3.98 (A)

Note 1: For the purpose of assessing drive-in fees, a driveway is defined as providing access to a single residence. If a driveway provides access to multiple residences or accounts, no drive-in fees will be assessed.

Note 2: Customers who qualify under the Americans with Disabilities Act (ADA) will not be charged for carryout services.

Curbside recycling provisions shown on **pages 22, 23, and 24** apply only in the following service area:

Following is a description of the recycling program (type of containers, frequency, etc.). Program provided in accordance with the area described as the “Urban/Suburban Service Zone” per the Snohomish County Comprehensive Solid Waste Management Plan and the service area required by King County Code Title 10, contained in G-237.

The curbside collection of recyclable materials is provided on an every other week basis to all customers in the above service area. Each customer is provided with one 96-gallon cart. Newspaper, mixed wastepaper and bottles and cans may be commingled within each cart.

Special rules related to recycling programs:

Pick-up will be refused if cart contains trash, yard debris, or other non-acceptable contaminants. Customers may obtain a current listing of acceptable recyclables and non-acceptable items upon request.

Curbside Yard Waste provisions shown on **pages 23 and 24** apply only in the following service area:

Following is a description of the Yard Waste program (type of containers, frequency, etc.). Program provided in accordance with the area described as the “Yard Debris Service Zone” per Chapter 7.42 of the Snohomish County Code and as required by King County Code Title 10, contained in G-237.

Yard waste service is a sign-up program that is provided on a weekly basis year-round. Those customers who sign up for this program and reside in the service area will be provided with either one 35-, 64- or 96-gallon cart.

Special rules related to Yard Waste program:

Yard waste cannot be in plastic bags. Pick-up will be refused if container contains any trash or other contaminants. Customers may obtain a current listing of acceptable yard debris upon request.

Item 105 – Multi-family service (continued)

Curbside recycling provisions apply only in the following service area:

Program provided in accordance with the area described as the “Urban/Suburban Service Zone” per the Snohomish County Comprehensive Solid Waste Management Plan and the service area required by King County Code Title 10, contained in G-237.

Following is a description of recycling program (type of containers, frequency, etc.). Program provided in accordance with the ordinances described above:

The collection of recyclable materials is provided on a weekly basis to all multi-family customers in the service area. Each multi-family complex is provided with strategically placed recycling containers of varying size and quantity. Newspaper, mixed wastepaper and bottles and cans may be commingled within each cart.

Recycling service rates and related commodity price adjustments for multi-family complexes are based on the subscription level for garbage collection service.

Special rules related to recycling program: Pick-up will be refused if recycling containers contains trash, yard debris, or other non-acceptable contaminants. Customers may obtain a current listing of acceptable recyclables and non-acceptable items upon request.

Item 160 – Time Rates

When time rates apply. Time rates named in this Item apply:

- (a) When material must be taken to a special site for disposal.
- (b) When a company's equipment must wait at, or return to, a customer's site to provide scheduled service due to no disability, fault, or negligence on the part of the company. Actual waiting time or time taken in returning to the site will be charged for; or
- (c) When a customer orders a single, special, or emergency pickup, or when other items in this tariff refer to this Item.

How rates are recorded and charged. Time must be recorded and charged for to the nearest increment of 15 minutes. Time rates apply for the period from the time the company's vehicle leaves the company's terminal until it returns to the terminal, excluding interruptions. An interruption is a situation causing stoppage of service that is in the control of the company and not in the control of the customer. Examples include: coffee breaks, lunch breaks, breakdown of equipment, and similar occurrences.

Disposal fees in addition to time rates. Item 230 disposal fees for the specific disposal site or facility used will apply in addition to time rates.

Item 200 -- Containers and/or Drop Boxes – General Rules

Availability. A company must maintain a supply of all sizes of containers and drop boxes for which rates are listed in this tariff. If a customer requests a container or drop box of a size listed in the company's tariff, and the company is unable to provide the requested size within 7 days of the customer request, the customer must be notified in writing or by telephone.

Alternate-sized containers and/or drop boxes. If the company cannot provide the requested-sized container or drop box (and that size is listed in the company's tariff), the company must provide alternate-sized containers or drop boxes, sufficient to meet the capacity originally requested by the customer, at the same rates as would have applied for the requested container or drop box.

Disposal fees due on alternate-sized drop boxes. If the company provides alternate-sized drop boxes, the customer is responsible for all lawfully applicable disposal fees resulting from the use of the alternate drop boxes.

Rates on partially filled containers and/or drop boxes. Full pickup and rental rates apply regardless of the amount of waste material in the container or drop box at pickup time.

Rates for compacted materials. Rates for compacted material apply only when the material has been compacted before its pickup by the company.

Rates for loose material. Loose material dumped into the company's packer truck is subject to the rates for non-compacted material even though the material may be compacted later in the packer truck.

Permanent and temporary service. The following rules apply:

- (a) If a customer requests a container or drop box for less than 90 days, the customer will be billed at temporary service rates.
- (b) If a temporary service customer notifies the company that it has decided to retain the container or drop box for more than 90 days, permanent service rates will be assessed from the 91st day until the end of the period the customer retains the container or drop box.
- (c) If a customer requests a container or drop box for more than 90 days, the customer will be billed under permanent rates. If that customer cancels service before the end of the 90-day period, the company may not re-bill the customer at temporary service rates. The intent of the customer at the time service was requested applies.

Registered Trade Name: Waste Management – North Sound and Waste Management - Marysville

Item 205 – Roll-Out Charges – Containers, automated carts, and toters

Charges for containers. The company will assess roll-out charges where, due to circumstances outside the control of the driver, the driver is required to move a container more than five feet, but less than 25 feet, in order to reach the truck. The charge for this roll-out service is:

\$ 1.91 per container automated cart or toter, per pickup

Over 25 feet, the charge will be the charge for 25 feet, plus **\$ 0.91** per increment of 5 feet.

Item 207 – Excess Weight – Rejection of Load, Charges to Transport

The company reserves the right to reject pickup of any container, stationary packer, or drop box which, upon reasonable inspection:

- (a) Appears to be overloaded;
- (b) Would cause applicable vehicle load limitations to be exceeded;
- (c) Would cause the company to violate load limitations or safe vehicle operation; and/or(d) Would negatively impact or otherwise damage road surface integrity.

For the purposes of this tariff, the following maximum weights apply:

Type/Size of Container, Drop Box, Toter, or Cart	Maximum Weight Allowance (in pounds)
Carts-All Sizes	200 lbs.
1 to 6 yd.	1,200 lbs.
Drop Boxes – All Sizes	20,000 lbs.

Type/Size of Container, Drop Box, Toter, or Cart	Maximum Weight Allowance (in pounds)

Overfilled or overweight, charges if transported. If the container, drop box, toter, or cart exceeds the limits stated above, is filled beyond the marked fill line, or the top is unable to be closed, but the company transports the materials, the following additional charges will apply:

Type/Size of Container, Drop Box, Toter, or Cart	Charge
