Dear Mr. Killip,

Sound Disposal Holdings, Inc. dba Sound Disposal, Inc. (G-82) is seeking to change its commodity adjustments with this filing. Due to the reduced volatility in the commodity markets, Sound is providing 12 months of historical data and has calculated its commodity adjustments based on this 12-month period as required by WAC 480-70-351(2).

We have provided revised tariff pages: 5th Revised Page 1 - Check Sheet; 5th Revised Page 22 – Item 100 - Residential Service; and 4th Revised Page 25 – Item 105 - Multi-family Service. If the Commission approves this filing, the company's overall revenue and costs will increase by approximately one percent or \$23,000. The requested effective date for this tariff revision is April 1, 2025.

The company serves approximately 1,750 residential customers and approximately 550 multifamily and commercial customers in the City of Edmonds and Snohomish County. Sound will notify customers of these changes on the next regular billing under the provision of WAC 480-70- 271(2)(a)(iii). Therefore, an LSN request is also being provided, in compliance with commission staff's clarification for customer notices regarding RCW 81.28.050.

Portions of this filing are considered confidential under WAC 480-07-160 because it contains valuable competitive cost and financial commercial information. Redacted and non-redacted copies of these documents are provided where appropriate.
