RE: Tariff Submittal, Tariff Number 8, Columbia River Disposal, Inc., Certificate Number G-48.

Dear Mr. Killip:

We respectfully request to update the rates under G-48 to reflect the increase in disposal fee from \$93.87 to \$96.84 per ton, a 3.16% increase. This increase reflects the current practice of disposing all solid waste collected within Skamania County at the Skamania County Transfer Station. This will increase revenue from residential customers by approximately \$3,940 (0.87%); commercial customers by \$4,220 (0.95%); and drop box customers by \$10,000 (3.16 %) for a 12-month period. There are approximately 2,300 residential, 350 commercial, and 15 drop box customers affected by this change.

The last general rate increase for G-48 became effective April 1, 2018.

Although Columbia River Disposal, Inc. includes G-48 and G-51 and share financial statements, this change only affects G-48.

We respectfully ask that this filing be accepted under LSN, per WAC 480-70-276 for customer notification. If the LSN is accepted and these rates are approved by the Washington Utilities and Transportation Commission, the rates will become effective on May 1, 2025. Pursuant to WAC 480-70-271(2)(a)(iii), affected customers will receive notification of this change on the billing reflecting the revised rates.

If you have any questions regarding this filing, please contact me at (360) 448-6954, via email at Brian.Vandenburg@WasteConnections.com.

Sincerely,

Brian Vandenburg
