Company

This is to document completion of missing or incomplete items in the initial application.

Memorandum

To: Washington Utilities and Transportation Commission (UTC)

From: John A. Sheridan

Date: October 1st, 2025

Subject: Support for Proposed Service/ Household Goods Moving Company

Reference: Jonathon F. Sheridan/ Owner & Director of Coast Movers

Introduction:

I am a retired 30-year military officer (CW03), US Army. We moved a lot, too many times to count. Jonathon learned the value of caring for customers' personal goods as a young boy, watching companies move our personal household goods frequently every few years. Thank you for the opportunity to recommend my son (Jonathon F. Sheridan) supporting his proposed service. In this demanding industry that Jonathon cares about so much, he understands the well-regulated environment to keep both small businesses safe, healthy, and with competitive monetary boundaries that serve to protect the consumer/customer.

General Comment:

Jonathon F. Sheridan is the owner and director of Coast Movers. Fueled by the COVID-19 era of difficulty, Coast Movers is passionate about regaining momentum to rebuild the company with safety at the top of its radar once again. Having been a solid Household Goods Carrier, I highly recommend his services continue in a much-needed and a highly demanding industry with the approval of his application to continue providing his services. Jonathon would continue to primarily service, but not limited to, the great Northwest: Kitsap, Mason, Jefferson, Thurston, and Pierce County. All very fast-growing and dynamic culturally diverse communities require the government support of businesses like Coast Movers, which offer valuable and important services to our communities and surrounding areas.

I have personally witnessed his growth and maturity in learning the business from the ground up and am proud to support him and the jobs he will and has created. He understands and is passionate about continuing with the best professional services outlined in Washington State Law operating with a UTC permit and the specific documents required (i.e., Written Estimate, Written Inventory, and Bill of Lading).

Thank you for your consideration,

v/r
