Note \* = In addition to pooling Carrier Common Line Charges, WECA also administers an existing Universal Service Fund rate that is currently charged on both originating and terminating minutes of use pursuant to authority granted in U-85-23, et al. The existing USF rate is \$0.00152 per minute. In addition, WECA also has an additive of \$0.00005 per minute, also applied on statewide minutes of use, as a stopgap until Pend Oreille Telephone Company is "officially" granted into the pooling mechanism administered by WECA, which is also administered by WECA.
