Dear Executive Director Killip:

Enclosed for filing please find an application for a Solid Waste Collection Company under Chapter RCW 18.77.040 on behalf of DTG Enterprises, Inc. ("DTG Recycle"). DTG Recycle has been operating in Washington State for over 25 years and is the largest recycler of commercial, industrial, construction, and demolition waste in the Pacific Northwest. We are proudly Washington-based, employing 587 employees across 7 counties..

DTG is a state and nationally recognized recycler and has received awards from associations including the AWB and CDRA. We continually innovate to better serve our customers, our employees and our environment. Last year we successfully diverted over 1,300 tons of e-waste from landfill, delivering these essential commodities to other local and US based businesses and manufacturers around the globe to fuel their own innovation.

DTG is currently seeking a solid waste permit in order to commence curbside e-waste recycling collection and hauling services statewide. Please contact me at 425.508.7159 or jbajzarowicz@dtgrecycle.com if you have any questions regarding our application.

Sincerely,

A handwritten signature in blue ink, appearing to read "JB 38".
