**SCHEDULE NO. 3  
READY TO SERVE SERVICE**

**Available**

Within the limits of all Water Service Areas and at utility's option and capability to maintain Department of Health standards of quantity and quality.

**Applicable**

To any property owner who has completed and signed a Water Service Application, paid all applicable fees required for meter service connection, and had Water Service Application accepted in writing by the utility, and for whom the utility has installed the direct connection from the water system to the applicant's property line. Applicable to domestic residential customers, where meters have not yet been installed.

**Conditions**

The charge for this service is not subject to cancellation or reduction for seasonal or temporary periods, unless seasonal rates apply per this tariff. This charge will be the monthly minimum bill for this class of service. At the time water service begins, the customer shall be transferred to Schedule 2, Metered Service.

**Monthly Rates**

Each connection or customer \$24.00 (R)

Note: The Ready to Serve charge may be discontinued upon receiving written request from the customer or for non-payment of the Ready to Serve charge. Termination of the charge will allow the utility to remove the service line and/or connection. This disconnection or removal will allow the utility to make that available service capacity to supply other connections on the water system.

After a service line and/or connection has been removed for discontinued service, future service to the property will require a new application for service, payment of service connection charges and will be subject to the availability of service capacity at such time as the future application for service is made.
