Important Notice Regarding the Planned Grandfathering of Enterprise SIP Trunking Provided by Level 3 Telecom, a CenturyLink Company

Dear «Customer_contact_name»:

On January 27, 2020, Level 3 Telecom notified you by letter of its intent to grandfather its Enterprise SIP Trunking service. This letter corrects an error in the January 27th notice and replaces and supersedes that notice.

At CenturyLink, our goal is to provide you with great quality and value while still remaining competitive. Changing market conditions require that we continually evaluate our prices, product offerings and infrastructure.

Occasionally our evaluation directs us to make changes to some products; therefore we are writing to inform you that CenturyLink is grandfathering the Enterprise Session Initiation Protocol (SIP) Trunking product offered by its Level 3 Telecom affiliates in Alabama, Arkansas, Arizona, California, Colorado, Connecticut, the District of Columbia, Florida, Georgia, Idaho, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Mississippi, Missouri, North Carolina, Nebraska, New Jersey, New Mexico, Nevada, New York, Ohio, Oregon, Pennsylvania, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, and Wisconsin. This action is necessary because the equipment associated with this service has been discontinued by the manufacturer and is no longer supported.

Enterprise SIP Trunking is a Voice over Internet Protocol (VoIP) service that allows the sharing of SIP call paths across two redundant IP-PBX platforms and provides bi-directional Business Continuity and Disaster Recovery functionality.

As of June 30, 2020, or as soon after that date as authorized by the Federal Communications Commission and relevant state regulatory commissions, Level 3 Telecom's Enterprise SIP Trunking product will no longer be available to new customers or for new orders from existing customers.

Service to existing customers of this service will be grandfathered as follows:

- Existing contracts for this service will not be renewed.
- Customers with a contract may retain this service on a month-to-month basis once that contract expires.

Please be aware that there are various options to replace your current service with an alternate CenturyLink service. For example, CenturyLink's Voice Complete service would be an ideal replacement if you have three or more locations that will share unlimited Concurrent Call Pathways (CCPs) and it supports a hybrid environment of TDM or IP handoffs. If you are looking for additional feature packages, IQ SIP would be a great fit. IQ SIP offers up to 120,000 shared CCPs with an enhanced portal experience.

You are encouraged to migrate now to another CenturyLink service, to avoid risk of business disruption due to network service unavailability if the equipment should go down.

We understand that this is an inconvenience, but we are confident that our team can seamlessly manage the entire process to provide your business with a better communications solution.

If you subscribe to other services from CenturyLink, those services will NOT be impacted by the anticipated grandfathering of the Enterprise SIP Trunking product. Your other services will remain in place with no change to the applicable rates, terms, or conditions.

We would like to work with you as soon as possible to ensure we update your service and continue our valued relationship, so please contact your account manager or our toll-free

customer service number 800-871-9244 to speak with a sales contact for options that are available to you.

Thank you for your cooperation and prompt attention to this notice.

Sincerely,

CenturyLink

The following statement is required by the FCC:

The FCC will normally authorize this proposed reduction or impairment of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed reduction or impairment of service. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Level 3 Telecom, a CenturyLink Company. Comments should include specific information about the impact of this proposed reduction or impairment of service upon you or your company, including any inability to acquire reasonable substitute service.
