Re: Annual Customer Report of TracFone Wireless Inc., Docket No. UT-093012

Dear Mr. Danner:

This letter is to advise the Commission that with the activation of the National Verifier system by the Universal Service Administrative Company in the state of Washington, TracFone is no longer able to verify customer Lifeline eligibility by querying the Benefits Verification System. As a result, TracFone and the DSHS have agreed to terminate the system access agreement and TracFone will no longer provide customer information to the DSHS (see attached). It is our understanding that this terminates the related condition of TracFone's ETC designation.
