**Docket UE-210795
Puget Sound Energy
PSE 2021 Clean Energy Implementation Plan**

FRONT AND CENTERED AND NW ENERGY COALITION DATA REQUEST NO. 083:

DATA REQUESTS DIRECTED TO: Kara Durbin

Re: Energy Efficiency

Provide by year for the years 2020 through 2023, for the “with-CETA” portfolio described in the Energy Efficiency tab of Appendix E-2 of the CEIP, the aggregate kWh of savings achieved for each measure delivered through the “Low-Income Weatherization” program.

Response:

For the years 2020-2021, please see Attachment A to Puget Sound Energy’s (“PSE”) Response to Front and Centered and NW Energy Coalition Data Request No. 083, which contains the aggregate kilowatt hours of savings achieved for each measure delivered through the “Low-Income Weatherization” (“LIW”) program.

For the years 2022-2023, the measures have not yet been “delivered.” However, Exhibit 1 of the 2022-2023 Biennial Conservation Plan (“BCP”) shows planned LIW measures and associated expenditures. Please see Attachment B to PSE’s Response to Front and Centered and NW Energy Coalition Data Request No. 083 for the BCP Exhibit 1 LIW tab data for 2022-2023.
