

**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**

**Dockets UE-190529 & UG-190530  
Puget Sound Energy  
2019 General Rate Case**

**AWEC DATA REQUEST NO. 004:**

When it performed its due diligence efforts in advance of developing the Bothell data center, did the Company review flood-plain maps? If so, please provide a copy of any and all flood-plain maps reviewed during the due diligence process.

**Response:**

Other than what is provided in Puget Sound Energy's ("PSE") Response to AWEC Data Request Nos. 001, 002, and 003, PSE has not been able to identify additional documents or reports discussing PSE's due diligence of the decision to locate PSE's Data Center in Bothell, a decade ago.

However, per PSE's Response to AWEC Data Request No. 003, flood risks at the North Creek campus were addressed prior to siting the data center in Bothell.
