Hi Anthony, I just left you a message, but wanted to follow up with an email if you check these more frequently. I spoke to our attorney, and he cannot cancel the hearing on Monday unless we receive your request to withdraw the application, so if you could get me that as soon as possible, that would be great. You can just respond to this email with "This is Anthony Wright of Man and a Van and I would like to withdraw my application for the Household Goods Moving permit" or something along those lines. Please try to get it to me by tomorrow, if we don't receive it in a timely manner the hearing will have to go forward.

Thanks
