RE: Application No. D-75275
San Juan Airlines, Inc., d/b/a Shuttle Express

Docket No. TC-900407
Evergreen Trails, Inc., d/b/a Grayline of Seattle vs.
San Juan Airlines, d/b/a Shuttle Express

The hearing in the above matters is scheduled to begin on March 31, 1992 in Kent. In the Notice of Hearing, the Commission directed Shuttle Express and Grayline to prefile their direct evidence by March 17.

Shuttle Express and its counsel, Bruce Wolf, and Grayline and its counsel have had settlement discussions in an effort to resolve the issues in dispute. This office has been advised that a settlement between these parties is likely. The parties will endeavor to put the settlement in writing in the upcoming days. Counsel for both parties have thus requested that the prefiling requirement be stricken.

These parties will attend the March 31 hearing and provide additional details. The parties contacted AAG Bob Cedarbaum, Diane Coombs of Everett Airporter, attorney James Sells for Bremerton-Kitsap Airporter/Kitsap-Seatac Airporter and James Fricke of Capital Aeroporter concerning the above and there were no objections to the request.

Under the circumstances, the Administrative Law Judge grants the request; the requirement for the prefiling of evidence by March 17, 1992 is hereby stricken. The parties are encouraged to reduce their settlement to writing as soon as possible. This and other preliminary matters will be taken up at the opening hearing session on March 31, 1992. Additional proceedings may be scheduled on the record.
