Petitioner,)	
)	REBUTTAL TESTIMONY OF RYAN
vs.)	HARMON
)	
BURLINGTON NORTHERN SANTE FE)	
RAILWAY,)	
)	
Respondent.)	
_____)	

Please state your name and job title.

My name is Ryan Harmon. I am a Project Engineer for the City of Wenatchee Department of Public Works.

Have you reviewed the pre-filed testimony prepared by Alex Funderburg Jr. in support of BNSF’s opposition of the proposed modifications at the 9th Street rail crossing?

Yes. I would like to respond to this testimony.

What comments do you have in response to the testimony of Alex Funderburg Jr.?

Mr. Funderburg made the statement that the “proposed four-gate roadway system design is not necessary or required under Federal Railroad Administration regulations, including 49 CFR Subtitle B, Chapter II, Part 222”. I acknowledge that Appendix A of this chapter lists both a “Four-

Quadrant Gate System” and “Gates With Medians or Channelization Devices” as Approved Supplementary Safety Measures (SSMs).

Appendix B – Alternative Safety Measures, states that “If there are unique circumstances pertaining to a specific crossing or number of crossings which prevent SSMs from being fully compliant with all of the SSM requirements listed in appendix A, those SSM requirements may be adjusted or revised. In that case, the SSM, as modified by the public authority, will be treated as an ASM under this appendix B, and not as a SSM under appendix A.” It further states “If one or more of the requirements associated with an SSM as listed in Appendix A is revised or deleted, data or analysis supporting the revision or deletion must be provided to FRA for review.”

To date, the City has not been made aware of an FRA review of the change proposed by BNSF and as such does not feel comfortable making the design change.

DECLARATION

I, Ryan Harmon, declare under penalty of perjury under the laws of the state of Washington that the foregoing Pre-filed Testimony of Ryan Harmon is true and correct to the best of my knowledge and belief.

DATED this 03/30/2023 | 3:18 PM PDT day of _____, 2023, at Wenatchee, Washington.
