Public Records Request Details

Type of Requester: Individual

Describe the Record(s) Requested: Please provide me with documents regarding daily Puget Sound Energy LNG (aka Puget LNG, aka Tacoma LNG) production numbers. Utilities and transportation commission analyst Betty Erdahl testified in November 2023 that they discovered "multiple" occasions when the plant handled more than the daily 250,000 gallons of gas allowed under its permit from the Puget Sound Clean Air Agency. I would like to request that data.

Date or Date Range(s): 01-01-2022 to 02-26-2024

Preferred Method to Receive Records: Electronic via Request Center

I understand that information provided in response to my request may not be used for commercial purposes: Yes
