CORRECTION TO SUPPLEMENTAL NOTICE

RE: In re Application No. B-079276 of Kitsap Ferry Company, LLC, d/b/a
Kitsap Ferry Co., for Temporary Commercial Ferry Authority
Docket No. TS-040794

TO ALL PARTIES OF RECORD:

I have discovered an error in the supplemental notice of hearing issued this morning.

The notice advised that the Protestant and Commission Staff could submit written statements as specified in WAC 480-07-610(3). It should have provided that the holder of the temporary authority, Kitsap Ferry Co., and Commission Staff may submit written statements.

WAC 480-07-610(3) provides that an applicant for a brief adjudication must submit such a statement along with its application. The IBU, as the applicant for a brief adjudication, submitted its statement with its protest and application. Consequently, as the rule provides, it is the other parties who have the need to provide such statements thereafter, in response to the statement provided with the application.

Please consider the notice corrected as indicated above.

Sincerely,

C. ROBERT WALLIS
Administrative Law Judge
