Re: Docket TG-081576

Dear Sir:

Pursuant to the April 17, 2009 Notice of opportunity to file comments on procedural schedule for the aforementioned Docket # TG-081576, we offer the following for your consideration.

Given the current status of the consolidated Dockets TG-080913; TG-081089; TG-082129, it would seem that the best course of action would be to again delay any prehearing conference for Docket TG-081576 until after a final order is issued in the consolidated Dockets.

I would defer to the commission in setting any new dates for this matter, but would agree to any status reports being tabled between now and, at least, late June to determine if there has been any progress in the consolidated Dockets that would relate to the application under Docket TG-081576.

Sincerely,

Freedom 2000, LLC
