Re: Docket UW-220614 – Order 01 – Request for Revision

Dear Ms. Maxwell:

This letter is filed on behalf of Washington Water Service Company (“WWSC”). In Docket UW-220614, the Commission approved an acquisition by WWSC of the regulatory assets of Stroh’s Water Company, Inc. (“Stroh’s”). Although not required by Order 01, this letter will provide you with notice that the transaction closed on July 17, 2023.

This closing date is later than anticipated. The reason for the delay is that there was difficulty in clarifying the ownership of certain easements.

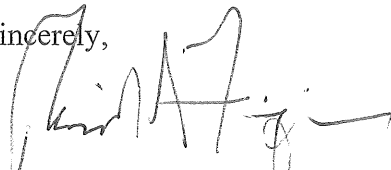

WWSC respectfully requests that certain date references in Order 01 in Docket UW-220614 be modified. In paragraph four there was a reference to the acquisition being effective on August 4, 2022. The same statement is repeated in paragraph 19 with an additional statement that the tariff rate adoption will have an effective date of August 1, 2022. In paragraph 23, the Commission approved the adoption of the tariff of Stroh’s “effective as of the date of the transfer, August 4, 2022.”

The Stroh’s rates are expected to be incorporated into the WWSC tariff and have been filed under separate cover. Because of the delay in the actual closing, WWSC respectfully requests that the references to August 1 and August 4, 2022, contained in Order 01 be deemed modified to refer to July 17, 2023.

Amanda Maxwell
