RE: AT&T Communications of the Pacific Northwest v. Verizon Northwest Inc., Docket No. UT-020406

TO ALL PARTIES OF RECORD:

On April 16, 2003, AT&T Communications of the Pacific Northwest filed a motion to supplement its prefiled testimony to address events occurring after AT&T filed its rebuttal testimony. Parties were allowed to respond to the motion by 12:00 p.m. (noon) on Wednesday, April 23, 2003. Verizon and Commission Staff oppose the motion; Public Counsel does not object to the motion.

If Dr. Selwyn's new affidavit corrects an existing, proposed AT&T exhibit, then corrected pages should be distributed, as soon as available, to other parties and the Commission in a corrected exhibit. *See, WAC 489-09-736 (6)(b), (10)*. If more than correction is proposed, then AT&T may explore whether the information should be included in the record on cross-examination. AT&T does not have permission to include the Affidavit of Lee L. Selwyn in Docket No. UT-030395 as a pre-filed exhibit to Dr. Selwyn's testimony in this proceeding. Parties seeking interlocutory review of this ruling must file a motion seeking such review by 5:00 p.m. on Tuesday, April 29, 2003.

At this point in Docket No. UT-020406, no testimony or evidence have been entered into the record, although a number of rulings on motions to strike have been made. Further motions can better be handled at one time at the prehearing conference scheduled on May 1, 2003.

Parties must file any remaining objections to proposed exhibits by 5:00 p.m. Monday, April 28, and any written responses by noon Tuesday, April 29, so that they may be considered at the prehearing conference.

Sincerely,

MARJORIE R. SCHAER
Administrative Law Judge
