PSE Response to IBEW Data Request No.006, Attachment A (PSE Employee Terminations from 2010-2018)

TESTIMONY OF

D. Timothy Arnold

In Opposition to the Multiparty Settlement Stipulation on Behalf of IBEW 77

Docket U-180680 Sale of Non-Controlling Interest in Puget Holdings LLC

IBEW LOCAL 77 DATA REQUEST NO. 006

IBEW LOCAL 77 DATA REQUEST NO. 006

For each department in Data Request No. 05 above, please identify the reason for turnover between termination, layoff, retirement, quit, and any other reason.

Response:

Each of the Joint Applicants objects to IBEW Local 77 Data Request No. 006 as beyond the scope of IBEW Local 77's participation in this matter as provided by the WUTC in Prehearing Order 03, paragraph 23, which limits IBEW Local 77's participation as follows:

IBEW . . . will be limited to matters specifically addressing the safety and reliability of service to customers where its members are actually involved in the provision of such service. However, in the event it becomes clear later in the proceeding that either UA Local 32's or IBEW's continued participation is not in the public interest, the Commission has authority to dismiss either, or both, as an intervenor.

In particular, the WUTC in Prehearing Order 03, paragraph 22, identified topics that were outside of the Commission's review, such as what is requested in IBEW Local 77 Data Request No. 006:

As discussed above, employment issues such as workplace changes, labor contracts, wages, hours, and staffing are outside the Commission's purview.

Each of the Joint Applicants also objects to IBEW Local 77 Data Request No. 006 as overbroad because it exceeds the narrow scope of this proceeding and is not likely to lead to the discovery of evidence relevant to the possible harms associated with the proposed transactions. Given that discovery in this proceeding must be "narrowly defined and focused on the proposed transaction," (Docket U-180680, Order 01 at 8), information regarding the reason for Puget Sound Energy ("PSE") employee turnover and/or attrition by department and classification from 2010 to present is not reasonably probative for consideration of the proposed transactions.

Each of the Joint Applicants further objects to IBEW Local 77 Data Request No. 006 as overbroad and unduly burdensome as it requests information for the past nine years.

Subject to and notwithstanding these objections, the Joint Applicants respond as follows.

Attached as Attachment A to the Joint Applicants' Response to IBEW Local 77 Data Request No. 006 is an MS Excel worksheet that lists employees (without disclosing names) of PSE represented by IBEW Local 77 whose employment with PSE has terminated, sorted in the same order as Attachment A to the Joint Applicants' Response to IBEW Local 77 Data Request No. 005. Termination reason is tracked by individual employee not by department, so detail is shown with one line per employee. Some of the employees included in the file terminated from PSE after a period of time on paid Long-Term Disability and may have stopped actively working prior to January 1, 2010. They are included based on their separation date with PSE.
