To Whom It May Concern:

I am in receipt of your "Notice of Cancellation of Your Insurance". I spoke to someone on the phone but want to follow up in writing:

We recently changed insurance companies and have not been satisfied. (Among other things they never sent a Form E to the state, causing us to get a letter similar to this one)

On July 5 that policy will be cancelled because we are reinstating our policy with Progressive Insurance. The new policy will be in place before the current one is discontinued. No doubt they will send you notification at the proper time.

Sincerely,

Toni Powell
