Re: *Washington Utilities and Transportation Commission v. City of Enumclaw*
Docket PG-080097

Dear Mr. Danner:

In accordance with WAC 480-07-710(6) and WAC 480-07-730(4), the parties (Staff and Enumclaw) notify the commission that, following discussions and mediation, the parties have reached a full settlement in principle, which will resolve all issues in Docket PG-080097.

The parties will need additional time to reduce details of the settlement to writing, finalize, and obtain signatures prior to filing, subject to the availability of the parties. Also, this process will require, for Enumclaw, convening of a meeting of the Enumclaw City Council. At this time, the parties anticipate filing the Settlement Agreement, along with any supporting documentation, on or before the last week in June. The parties will notify the commission should this change.

Accordingly, the parties respectfully request that the procedural schedule be suspended in this matter, pending the anticipated filing. The parties also request that this communication substitute for the Status Conference scheduled for May 6, 2008, enabling that conference to be cancelled. Thank you for your consideration.

Sincerely,

MICHAEL A. FASSIO
Assistant Attorney General
Counsel for Commission Staff

MICHAEL J. REYNOLDS
City Attorney
Counsel for City of Enumclaw
