Re: *In the Matter of the Petition of Puget Sound Energy, Inc. and NW Energy Coalition For an Order Authorizing PSE to Implement Electric and Natural Gas Decoupling Mechanisms and to Record Accounting Entries Associated with the Mechanisms*, Dockets UE-121697 and UG-121705

TO ALL INTERESTED PERSONS:

On October 25, 2012, Puget Sound Energy, Inc. (PSE) and NW Energy Coalition (collectively Petitioners) filed with the Washington Utilities and Transportation Commission (Commission) a Petition for Decoupling Mechanism (Petition). The Petitioners request that the Commission issue an order authorizing PSE to implement an electric and natural gas decoupling mechanism, and to begin recording accounting entries associated with the mechanism, effective November 1, 2012.

The Commission brought the Petition to the regularly scheduled open meeting on November 8, 2012, for a preliminary presentation and discussion. PSE agreed to provide information requested by the Commissioners at the open meeting, as well as in response to informal data requests from interested persons. The Commission also invited proposals on the procedure the Commission should use to review and make a determination on the Petition. The Commission requests that those proposals and additional information requested by the Commissioners be submitted by November 21, 2012.

THE COMMISSION GIVES NOTICE that the additional information requested by the Commissioners and any proposals on the process for Commission consideration of the Petition should be filed by 5:00 p.m., Wednesday, November 21, 2012.
