RE: UE-180494 - *In the Matter of Pacific Power & Light Company 2017 Power Cost Adjustment Mechanism Annual Report.*

Dear Mr. Johnson:

In Order 01 of the above referenced docket, the Commission required Pacific Power & Light Company (Pacific Power or Company) to file revisions to its Tariff Schedule 97 to effectuate the refund to customers of the accumulated deferral balance totaling \$17,899,494 with an effective date of November 1, 2018, through October 31, 2019. Order 01 also included a provision whereby the Company or other parties may petition the Commission to alter the credit amortization and payout.

On October 8, 2018, Pacific Power filed with the Commission a Petition to Alter the Sur-Credit Amortization and Effective Date (Petition) requesting that the Commission amend Order 01 to allow the Company to amortize the accumulated deferral balance over a 24-month period beginning January 1, 2019.

On October 19, 2018, the Commission issued Order 02 denying the Company's petition and directing Pacific Power to file revisions to its Tariff Schedule 97 to refund \$17,899,494 to customers effective November 1, 2018 with an amortization period of 12-months consistent with the terms of Order 01.

The Company filed its revisions to Tariff Schedule 97 on October 24, 2018, in full compliance with Order 02.

Sincerely,

David Carlos Gomez
Assistant Power Supply Manager, Energy Regulation
