Subject: Point Roberts solid waste residential tariff rate deadline
Date: Thursday, October 18, 2018 4:07:01 PM

Good afternoon Mike,

After speaking with representatives from the Whatcom County Health Department, I wanted to clarify for the UTC commissioners and staff that the deadline for delivering to my office the Point Roberts solid waste residential minimum level of service revised tariff rate for inclusion on the 2019 property tax statement is 4:30pm on November 30. This deadline applies to any agency or taxing jurisdiction that intends to bill a tax, assessment, fee or rate on the 2019 property tax statement.

If you have any questions or need any further clarification, please do not hesitate to contact me directly.
