Subject: Gasco Sediments Site: ISS Field Pilot Study Weekly Summary Report - September 6 Through 17

EPA Team,

Attached please find the Gasco Sediments Site Project Area In Situ Stabilization and Solidification Field Pilot Study Weekly Summary Report for the period September 6 through 17. This reporting period is longer than 1 week because it includes early mobilization activities. Moving forward, all weekly summary reports will cover 1 calendar week. We are targeting submittal of these reports by mid-day each Tuesday to support our discussions during our regularly scheduled weekly call each Wednesday at 9:00 am.
