

Gas Rule	Electric Rule	same	Caption
011	011	X	Application of rules
016	016	X	Saving clause
021	021	X+	Glossary (gas includes several terms not in electric; electric includes two terms not in gas)
026	026	X	Tariffs
031	031	X	Accounting (slight differences reflect unique aspects per industry)
032	032	X	Accounting—Political information and political education activities
036	036	X	Finance—Securities, affiliated interests, transfers of property
041	041		same subject (information for customers), different language and different captions: gas = Availability of information; electric = Information to consumers
043	043	X	Advertising
046	046	X	Application for service
051	051	X	Establishment of credit
056	056	X+	Refusal of service; (electric has extra provision re master meters)
061	061	X	Contract for service
066	066	X	Distribution extensions
071	071	X	Discontinuance of service
072	072	X	Payment arrangements and responsibilities
076	076		Service responsibilities (gas has provisions not found in electric; certain language differences)
081	081		(gas 081 = electric 086, in part) [service connections; service entrance]
086	086		(gas 086 = electric 081, in part) [service connections; service entrance]
091	091	X	Access to premises
096	096	X	Complaints and disputes
101			Quality of gas
106	101	X	Form of bills
116	111	X	Refund for inaccurate metering
121	116	X	Responsibility for delinquent accounts
	121		Meter charges
126	126		Meter reading (differences unique to each industry)

131			Installation of meter set assembly
136			Location of meter set assembly
141	131	X	Identification of meters
	141		Accuracy of watthour meters
	146		Accuracy of demand meters
146	136	X+	Initial accuracy of meters (gas has one additional provision)
	151		Instrument transformers
151			Metering tolerance
	156		Multipliers and test constants
	161		Portable indicating instruments
156	166	X	Dispute as to meter accuracy
161	171	X+	Complaint Meter Test (electric includes a reporting requirement)
166	176	X	Statement of meter test procedures
171			Frequency of periodic meter tests
176	181		Meter history records (same subject, different language)
	186		Standard frequency
	191		Standard voltage and permissible variation
	201		Accuracy of test standards
	206		Reports of accidents
181	211	X	Filing of records and reports and the preservation of records
191	251	X	Least cost planning
211	311	X	Business offices and payment agencies
