Subject UT-053021 - ETC Rulemaking - Request for Workshop  
Discussion Topic Suggestions

Commenters –

Commission Staff thanks you for your comments, and wants to enlist your assistance in shaping the workshop agenda. As you know, the FCC addressed many topics in its order, and the questions from Commission Staff asked for your comments on all of them. As important as each topic is, one three-hour workshop will not permit us to discuss every topic. We would appreciate your assistance in helping us choose from all the topics the several that should be addressed first at the workshop.

Please send us a list of five topics, in rank order, which you think should be addressed at the workshop. My request is that you send the list not later than Thursday, June 16.

Thank you again for your informative comments, and also thank you for your assistance in shaping the agenda for June 29. Please let me know if you have questions.
