

May1, 2012

**NOTICE OF DEADLINE FOR STATUS REPORT OR RESOLUTION
(Set for June 1, 2012)**

RE: In the Matter of the Application of Sean McNamara d/b/a Bellingham Water Taxi,
Docket TS-111927

TO ALL PARTIES OF RECORD:

On April 25, 2012, Commission Staff filed a letter with the Commission on behalf of all parties to this matter indicating the procedural and legal steps that the parties have taken to reach final resolution. The parties believe that if things proceed on course, it could be resolved to the satisfaction of all parties and the Commission by June 1, 2012. The Commission previously found the parties' negotiations and agreement in principle constituted good cause to suspend the procedural schedule and required a status report to be filed on April 25, 2012. The parties have now requested that the procedural schedule remain suspended and that June 1, 2012, be the new date for filing a status report or resolution of this matter.

The Commission finds that the parties are continuing to make progress toward resolving this matter and, as such, there is good cause for extending the date by which the parties must file either a resolution or an updated status report.

THE COMMISSION GIVES NOTICE That the parties must file either a proposed resolution of this matter or a status report by June 1, 2012.

Sincerely,

MARTIN LOVINGER
Administrative Law Judge
