MOTION TO LIFT SUSPENSION AND
APPROVE SETTLEMENT AGREEMENT

1 In accordance with the Notice Suspending Procedural Schedule issued in this docket on
July 9, 2012, the Respondent and the Staff of the Washington Utilities and Transportation

Commission (Staff) hereby submit a Settlement Agreement on behalf of all parties. Pursuant to WAC 480-07-740 and WAC 480-07-750, the parties jointly move for an order approving the Settlement Agreement as a full settlement of all issues in this matter. The parties further move that the Commission lift the suspensions ordered by the Commission on December 29, 2011 in each of these consolidated dockets.

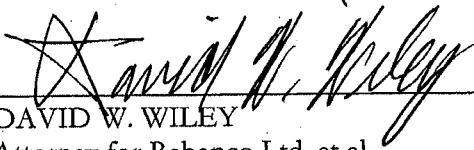

2 The parties are also now asking for expedited consideration of this “less complex Settlement Agreement” pursuant to WAC 480-07-740(1)(b). The parties acknowledge this Agreement is filed with less than 21 days notice. Due to the May 30, 2012 issuance of the Interpretive and Policy Statement, the ensuing need to negotiate separately with both County and Commission Staffs and the need to seek internal Company review of the proposal, and with the expiration of the current commodity credits looming on July 31, 2012, the convergence of all these factors has created expedited timing circumstances substantially outside the parties’ control. The parties thus also request that this Settlement Agreement become effective August 1, 2012, upon the Commission’s approval, so that tariffs awaiting Commission approval in Dockets TG-121059, TG-121060, and TG-121061 may take effect on that date.

3 This motion is accompanied by a Settlement Agreement and a Narrative Supporting Settlement Agreement, as required by WAC 480-07-740(2)(b). All parties have signed both documents. The parties suggest the documents provide the Commission with sufficient

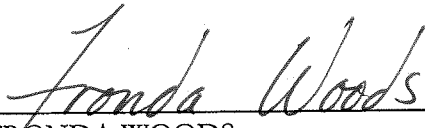

information to reach a decision, and that a hearing to consider the proposed settlement agreement is not necessary under WAC 480-07-740(1)(d).

Dated this 16th day of July, 2012.

Respectfully submitted,
