Re: Docket No. UE-220770 – Petition of Avista Corporation For an Amended Order Approving Its Revised Four-Year Demand and Resource Supply Forecast Pursuant to the Climate Commitment Act

Dear Ms. Maxwell:

On October 20, 2022, Avista filed with the Commission a petition for an order approving its four-year demand and resource supply forecast pursuant to RCW 70A.65.120, the Climate Commitment Act. On December 27, 2022, Avista filed a revised petition and on January 24, 2023, the Commission issued Order 01 granting the Company's petition. The Company hereby petitions the Commission for an amended order approving a revised four-year demand and resource supply forecast, which it requests a decision to be made on its petition as early as possible. The Department of Ecology has stated they need an approved revised forecast by July 30, 2023, in order to determine Avista's final no-cost allowance allocation for the period of 2023-2026.

Please note that Attachment A includes CONFIDENTIAL information and should be treated as CONFIDENTIAL per WAC 480-07-160. If you have any questions regarding this filing, please contact me at (509) 495-2782 or shawn.bonfield@avistacorp.com.

Sincerely,

/s/ Shawn Bonfield
