Dear Chairman Danner, Washington Utilities and Transportation Commission: As a customer of PSE, I hope PSE will pursue clean sources of energy like solar and wind. We must bring an end to the use of fossil fuels for the sake of the health of all of Earth, of all species, of all human beings. We can't keep putting carbon dioxide into the atmosphere and expect to have a long future on this planet. Please stop the mining and use of coal for energy! Thank you!
